General Counsel

SUBJECT : S.2525 - Proposed Intelligence Charter
Legislation - Title II, Issue Paper for
Special Coordination Committee Meetings

1. Action Requested: Attached, for your information and review, is a self-explanatory statement of issues which have been developed by the Administration's Charter Legislation Working Group regarding Title II of S.2525 and will be discussed at SCC meetings on 20 and 29 November.

2. Background: The Working Group has been meeting and discussing Title II since June and has completely revised Title II as is described in this issue paper. I believe you have been furnished with copies of the working version of that revision, dated 25 August 1978, and a "clean" copy will be provided to you as soon as it becomes available from DOD which has been handling the logistical aspects of the revision process.

(Note: offices with the 17 Oct draft should work from it)

3. By copy of this memorandum, I am inviting other major Agency components to register their views with OGC concerning any general problems with the issue statements, and to furnish you with any views they may have concerning the appropriate Agency positions on each of these issues.
